Volume XXXIII, Number 31.

TWO MEN KILLED
BY TRAIN WRECKONE WAS A SON OF JUDGE JOHN
H. THOMPSON, OF LAW-
RENCE COUNTY.

Pearl Thompson and Harry Boyd were killed near Beaver creek junction when the train on which they were employed was wrecked. A tree was thrown across the track by a slide and the engine struck it, turning over and catching the two men under it. Four cars were derailed. The bodies were badly mangled and mangled. Several hours work was required to extricate the bodies.

Pearl Thompson was a son of ex-County Judge John H. Thompson of Potter. He was 25 years old and unmarried. Boyd was about the same age, married and lived at Bebb, Ky. He was a fireman on the engine and Thompson was a brakeman.

The accident occurred about 4 a. m. Monday, two miles up the Beaver creek branch of the C. & O. railroad in Floyd county. The train was an extra freight. The engineer was E. J. Vance, of Russell, and the conductor M. Green, of Ashland both of whom escaped with slight injuries.

Pearl Thompson was a fine young man, industrious, sober and honorable. His death is deeply mourned by many friends. The body was buried near the home of his parents.

ROAD MEETING AT BUCHANAN.

The road meeting at Buchanan Wednesday was not as successful as had been hoped for, but was worth while, as some good contributions of work and money were received. Speeches were made by District Agent K. L. Varney, W. D. O'Neal, J. F. Hatten, D. L. Thompson, J. S. Turman, Louis Bennett, Jake Compton, Jack Hyman, Miss Hatten, M. S. Burns and Augustus Snyder.

Rolling committees were appointed and if enough contributions are received the road from the Boyd county line to Louisa along the river will be started at once all along the line so as to complete it quickly.

Mr. Varney deserves special mention not only on account of his excellent speech, but because he came all the way from Pikeville to attend and also made a contribution.

Louis Bennett was the largest contributor in work, agreeing to plow one mile of road for the road machine and also to assist in pulling the road machine if necessary.

A counter meeting is under way to use the cars on the East Fork and Fallburg road, as some believe this is more desirable.

MANY UNNECESSARIES
MAILED TO SOLDIERS

Washington, March 22.—In an effort to induce the public to cut down the volume of parcel post sent to troops in France, the Postoffice Department today issued a list of things which the soldiers are able to purchase at the army canteens abroad. This list shows that the canteen prices are as low and sometimes lower than the prices in this country. The postoffice list includes the following:

Biscuits, books, brushes, bouillon, candles, candies, canned goods, holiday cards, chewing gum, chocolate, cigarettes, cigars, combs, dental creams, various soft drinks, flashlights, fruit, handkerchiefs, heaters, jans, knives, leather goods, malted milk, mirrors, nuts, pencils, pipes, razors, shoe polish, shoe laces, soap, sponges, tobacco, towels and woolen gloves.

The statement says that an investigation of 5,000 sacks of parcel post disclosed 2,474 pounds of candy; 1,332 pounds of chocolate; 1,337 cakes and 2,438 packages of chewing gum.

The statement concludes by calling public attention to the fact that "every pound and every ton of parcel post which is sent from the United States, but which can be bought by the soldiers in France, forces off the ships ammunition and other needed war materials."

NOTICE TO ALL PUB-
LIC EATING PLACES

The U. S. food administration has issued another strong statement about eating wheat. The necessity was never before so great. Hotels, restaurants, public eating places of all kinds, and bakers are ordered to observe Monday and Wednesday as wheatless days. Not more than two ounces of wheat flour may be served to any one guest at one meal in breadstuffs, pastries, etc. No wheat products to be served unless specially ordered. Public eating establishments not to buy more than six pounds of wheat products per month per guest. No conforming to limitations requested of householders.

GERMAN OUT OF SCHOOL.

The Kentucky Legislature voted to kick German out of all the public and high schools in the state.

The bill at first provided that it should apply to all schools both private and public, but it was amended before passage.

The House approved Senate amendments to the bill permitting selling in navigable rivers.

DONATED LIBERTY BOND.

At the Elks Red Cross benefit bazaar held in Huntington last week, W. O. Tarkington of Indiana, was awarded the 1909 Liberty Bond on the closing night. He has donated it to the Huntington Red Cross fair funds.

OIL MAN'S WIFE
PUTS AWAY \$100,000

The oil development game is a precarious one with many ups and downs, as many another man than Joe Guffey can testify. One can get rich in a hurry if things break right, but drilling holes in dry territory makes a big dent in any bank roll. Yet it's the most fascinating gamble of them all.

Guffey had been through all of it. He had started at fifteen as a driller's helper. At twenty-one he was boss of his own crew. Five years later he made his first single handed venture at wildcatting. Fortune attended him and he came out of it with something like a hundred thousand dollars in cash.

Joe Guffey was only mortal like the rest of us. He was intoxicated with success.

Within three years he had dropped it all. Twice again within the next fifteen years he had made and lost fortunes even greater. And finally a lucky strike down in Oklahoma had put him on his feet again.

"Marge," he said to his wife the evening he got home, "we've been down to hard pan twice since we were married. Once before that I blew a respectable fortune down in Kentucky. Now that things are right again I'm going to make you independent for life."

He reached into an inside pocket and drew out a bill book. Here's a New York draft for \$100,000 payable to you. It's yours. You take it down to the bank and deposit it in your own name. And never give me a cent of it, never. If you do I'll drop it sure."

His wife merely slipped both arms around his neck, sobbing.

Ten days later Joe Guffey went home early one evening. Something that looked good was offered and he wanted some ready cash. His wife had it.

She met him visibly excited. "Joe," she cried, half between laughter and tears, "I've done it. This is the first time I ever did anything without asking your advice, but if I've made a mistake I don't want you to scold."

Little shivers chased themselves up and down Joe Guffey's spine. "Well, what in the Lord's name have you done?" he demanded, scolding disaster.

"I've bought \$100,000 worth of Liberty Bonds," she declared defiantly. "And now you can't get any of it no matter how badly you want it."

Joe Guffey was game. He saw a good thing shot all to pieces, but he chuckled.

"Well, thank heaven, you've sure made it safe," he said.

SETTING THE CLOCK FORWARD.

The fact that all clocks and watches must be set an hour ahead at the end of March does not add sixty minutes to the daylight period, of course. But it really does add sixty minutes to the daylight the worker can enjoy after the day's work is done. And it lets him get to bed an hour earlier and rise an hour earlier without realizing the fact that he has changed his time of going to bed and getting up. We are all creatures of habit and slaves of the watch and the clock. If one's habit is to go to bed at 11 o'clock, and the watches and clocks insist on saying that it is 11 o'clock then to bed one will go. And it makes no difference that everybody knows that the watches and clocks have been joined in a legal conspiracy to call 10 o'clock 11 o'clock. The daylight saving plan will soon prove its practical usefulness. It will be so popular with all classes that it will become a permanent feature of our national life by common consent.—New York American.

Farmers Meeting at Buchanan

At Buchanan next Monday, April 1 at one o'clock a seed corn and fertilizer meeting will be held under the direction of County Agent G. C. Baker. This covers two subjects of the greatest possible importance to farmers right now and to the nation and the civilized world. The barbarians of Germany are the only creatures in the world who want you to plant seed corn that will not germinate. There never has been such an unfavorable season as last year for corn. Many farmers have been thinking about corn for years looking at it will get fooled this spring and have all their work for nothing. Better be sure your seed is right before planting it. The advanced cost is not worth considering. One good grain of corn reproduces itself more than 1000 times in a season.

Attend this meeting by all means.

WEST VIRGINIA'S QUOTA.

Charleston, W. Va., March 26.—West Virginia's quota of 1,512 men in the recent special selective draft call for 95,000 men in the nation will be taken to Camp Lee, Va. in special trains to be run on three successive days, March 31 and April 1 and 2. It was announced today by Captain Breckinridge Jones.

The March 31 entrainment will take 54 men from Mercer county, 31 from Mingo and 111 from McDowell a total of 196 men.

The April 2 entrainment will take 19 from Cabell, 48 from Huntington, 72 from Kanawha, 42 from Charleston, 18 from Lincoln, 49 from Logan, 32 from Wayne.

W. L. MANSFIELD RESIGNS.

Hon. W. L. Mansfield for years editor of this paper and for the past four years vice president of the Herald-Dispatch publishing company has resigned his position and will make his future home in Florida.

Reports say that he will engage in the real estate business in the land of flowers.—Wayne News.

COURT OF APPEALS.

Bentley vs. Stewart, Pike; reversed. Bond vs. Starkey, Pike; affirmed.

ELLIOTT COUNTY UNDER
SMALLPOX QUARANTINESTATE BOARD ORDERS ALL IN-
TERCOURSE WITH THAT CO.
SUSPENDED.

The Courier-Journal says:

A proclamation of quarantine against Elliott county was issued last Thursday by the State Board of Health at a special meeting held in Louisville.

The quarantine came as a result of the refusal of Circuit Judge Cisco to suspend court at Sandy Hook when so directed by the County Board of Health of Elliott county, as following Judge Cisco's refusal to heed the injunction of the State Board of Health for immediate action.

A. M. Lyons, secretary of the Elliott County Board of Health, telegraphed to the State board Tuesday as follows: "Epidemic of smallpox here. County Board of Health orders Circuit Court to close Judge refuses. What shall we do? Immediate answer requested."

Before deciding upon the drastic order of quarantine the State Board of Health thru Dr. McCormack brought the matter to the attention of Gov. Stanley by telephone, and the Governor said that although he had sent a telegram to Elliott county, five minutes after he had received no reply up to 5 o'clock Thursday.

Quarantine is proclaimed.

As soon as this information was received from Gov. Stanley the State board said it considered the matter too perilous to permit of a longer delay, and unanimously decided upon the proclamation of quarantine. In the proclamation the State board after reciting the facts of the refusal of the Judge to suspend court and the danger to the community because of such refusal, refers to its understanding that the "Judge of the Elliott Circuit Court was elected to enforce and not to break and defy the law, but is now refusing to accept and obey an entirely legal request of the County Board of Health."

The order of quarantine suspends all "travel and traffic to and from Elliott county" and forbids any person within the county or who may enter it during the existence of the quarantine to leave the county without a certificate of successful vaccination or a certificate that he or she has recovered from smallpox.

The summoning of jurors and witnesses to the holding of court was declared to be a highly dangerous practice and one that was liable to extend the spread of the disease.

All members of the board of health were present at Thursday's session, including Dr. John G. South of Frankfort; president; Dr. C. A. Fish of Clinton; Dr. W. W. Richmond of Frankfort; Dr. George T. Fuller of Mayfield; Dr. H. H. Carter of Shelbyville; Dr. J. G. Furnish of Covington, and Dr. McCormack of Bowling Green.

SOLDIERS DO NOT
NEED ATTORNEYS

Soldiers, sailors or their beneficiaries under the soldiers and sailors' insurance law need not employ attorneys or claim agents to collect the insurance, according to the Treasury Department. Circulars have lately been sent out by claim agents and attorneys offering to assist persons entitled to the benefits of this insurance in collecting their claims.

The procedure for the presentation and collection of insurance claims is simple. Claims may be secured from the Bureau of War-Risk Insurance at Washington. The name of the person in service who was killed or injured, and the relationship which he bore to the person making the claim, should be given.

REPORTS UNTRUE.

Frankfort, March 26.—By unanimous vote the House yesterday adopted a resolution of Representative Music of the Breathitt-Lee-Magoffin district condemning as untrue, unjust and unwarranted the attack on the good name of Lee county in reports of wild disorder in that section and the action without investigation of calling for troops to be sent to that section.

The resolution declares that the attack was for purely mercenary motives and that the Governor and the press of the State were deceived.

FUNDS FOR FRENCH ORPHANS.

The patriotism of the Men's Bible Class of Johnson Memorial church, Huntington, was demonstrated Sunday, when the class voted funds to care for five French war orphans. The class was asked to provide funds for the care of three French war orphans, but when the money was collected it was learned that enough had been provided for five war orphans. The sum of thirty-six dollars per year is required for each child thus cared for.

In a sense the class adopts the orphans agreeing to care for them and alleviate the sufferings that have come to them through the war.

REVIVAL ON BLAINE.

Rev. L. P. Kirk and daughter, Nellie will begin a protracted meeting at Blaine April 4 and continue 15 days or until April 14. The folks are making large preparations to entertain all who come. The meeting will be under the auspices of the Methodist church south, the pastor, Rev. Muncy, assisting. Everybody invited to get in their ears and come. Sunshine "Nell" will play the instrument and sing solos at each service.

PATRIOTIC AND EDU-
CATIONAL MEETING FRIDAYPROMINENT MEN WILL SPEAK
AT LOUISA MEETING TO BE
HELD TO-DAY.

Don't forget the big meeting at the court house at one o'clock Friday of this week. State Superintendent of Public Instruction Gilbert will be one of the speakers. Congressman Langley has been invited to address the meeting. The program will be interesting. It will be along patriotic and educational lines. Everybody invited.

MOORE LIQUOR CONFISCATED.

A young man named Lee Porter of Mill creek, W. Va., struck a snag in Louis Tuesday evening which has halted his business career, at least for awhile. He says he is 21 years old, but he doesn't look it. Unwisely, he had chosen a merchandising career. It is said, and his stock consisted wholly of wet goods which it is thought he intended to dispense without the knowledge or consent of Uncle Sam or the local authorities. Lee got off of the train Tuesday evening with a very heavy suit case. A friend named Pratt met him and assisted with the load. They met Marshal C. C. Skaggs and he inquired about the contents of their suit case. They said it contained clothing. The Marshal insisted upon opening it and when he did so there was exposed to view 21 pints and 2 halves of assorted brands of bug juice. Porter and Pratt were arrested and taken to the Police court room. Porter inquired as to the penalty under the charge and offered to take the lowest, which was \$50 and confiscation of the liquor. This was agreed to and Porter went to jail to pay his fine. The whisky was poured out and the waste almost killed some of the spectators. Pratt was dismissed. The courts have decided that such a quantity of liquor is prima facie evidence of having it for sale. Put up in nice little handy packages of one pint adds to the weight of evidence as well as to the weight of the suit case.

The saloon men of Catlettsburg are reported to be much annoyed by the ineffectiveness of the Louisa officials. Louisa has proved a good transfer point for smuggling the stuff into West Virginia, where there is strong demand for it. But that is all about over now. The West Virginia authorities are going to work with the Kentucky authorities and stop it.

Near by there stood some thrifty goats. Who saw the liquor swamped. And up and down their dusty throats. Their "Adam's Apple" rumped.

They cried, "Why all this wanton waste. Why send it back to earth? Here we stand with 'wantin' taste' A sufferin' for liquid mirth."

NEW BOARD OF CONTROL.

Frankfort, Ky., March 26.—Governor Stanley has signed the bill abolishing the Prison Board and Board of Control and creating in their place a Board of Control of five members. The new board will be appointed for two years, after which four-year terms will prevail. Chairman Hines of the Prison Board probably will be chairman, at \$3,000, and Prison Commissioners Herbert Carr and Thomas Hatcher and J. Forest Butts and John A. Burton, Democratic members of the Board of Control, will serve with him.

E. A. Cook and Dr. Arch Dixon, Republican members of the Board of Control will be dropped. The new board may retain a secretary for the prisons and for the State hospitals.

The Governor also signed the bills appropriating \$5,000 additional for the Auditor's department and increasing the appropriation for the Confederate Home from \$3,500 to \$5,000 a year.

U. S. TROOPS RETURN FIRE;
FOUR MEXICANS KILLED

El Paso March 22.—Firing across the border by a party of Mexicans numbering about thirty, near Fabens this morning caused a strong return from American troops, it was announced at military headquarters here today. Four Mexicans are believed to have been killed. No American soldiers were hit, but one horse was killed.

The American patrol numbered eight men. When the Mexicans opened fire the Americans withdrew out of range and the Mexicans crossed the American side in pursuit. The patrol retreated to Fabens.

SUIT AGAINST THE
ROCKCASTLE LUMBER CO.

Circuit court Monday at Catlettsburg resumed hearing of the damage suit of Ewing and others against N. U. Bond and the Rockcastle Oil and Lumber company, in which plaintiff claims \$325,000 as commissions due on the tract of land which Bond bought from the Rockcastle Oil & Lumber Co. Plaintiffs claim that under the contract of sale they were to receive all over \$600,000 paid for the land sold by the Rockcastle Oil & Lumber company to Bond. The purchase price was \$255,000.

WILL SPEND SUMMER HERE.

Miss Hannah O'Brien, who spent several weeks at the home of her sister, Mrs. F. K. Green, at Rainelle, W. Va., came to Louisa for a few days before going to Stark W. Va., for a visit to Mrs. Bert Shannon. Friends of the O'Brien family were glad to know that these three sisters will be joined by Mrs. Margaret Bird and children of Ann Arbor Mich., and spend part of the summer at their old home in this city.

MR. R. E. STANT DIED
SATURDAY, MARCH 23

Mr. R. E. Stant died last Saturday afternoon at the home of Prof. and Mrs. E. M. Kennison. He came here December 5 from a Cincinnati hospital and was never afterward able to be out of the house. Bright's disease caused his death.

The funeral services were held Sunday afternoon at the Kennison home on Franklin-st. and were conducted by the Rev. H. O. Chambers, of the M. E. Church South. A choir composed of members of the two Methodist churches furnished appropriate music. Many people attended the funeral services but most of them were prevented by a heavy rain from going to the cemetery.

Richard Elijah Stant was born in Rush-co., Indiana, and when only a few weeks old was adopted by his cousin Thomas P. Stant and Sarah Stant and reared as their oldest son.

Baptized in infancy, and nurtured in the family of an old time class leader he grew up in the Methodist Episcopal church and ever lived a consistent life, patient, kindly, of high ideals, sincere and earnest.

He did not fear or dread death and peacefully passed away at 1:30 p. m. Saturday, March 23 1918 in the 61st year of his age. He was never married and leaves only his foster sister and brother to miss his friendly face.

FROM FACTORY TO FORTUNE.

Three years ago, Mrs. Sidney Tracy of Winchester, was a factory girl, in a Dayton, O. factory struggling to make "both ends meet," she having been thrown upon her own resources, while living in Estill-co., and sought a livelihood in the city.

Today Mrs. Tracy is the possessor of some \$26,000 and has an annual income of approximately \$5,000.

When she was 18 years old, Mrs. Tracy, then Miss Mattie McKinney, sold her one-seventh interest in the McKinney farm, in Estill-co. to her brother, Jesse McKinney, for \$75. The farm was later leased to the Standard Oil company, and tests proved that the property was almost in the center of one of the richest pools in Estill-co.

Mrs. Tracy recently moved to Winchester and learned that oil had been found on the land, situated just upon the grounds that she was not of age when she died to her interest in the land was signed.

Thursday, the decision was made in her favor by the Estill circuit court. The provisions of the deed by which she conveyed her interest in the property to her brother, were declared invalid, and the interest restored to her, the royalty from which will amount to at least \$8,500 annually.

Mrs. Tracy is not yet 21 years old.—Lexington Herald.

METHODIST EPISCOPAL CHURCH.

The Rev. W. H. Davenport, district superintendent, will hold, communion services on Sunday evening, April 14, at the M. E. Church in Louisa.

The program in part for Home Coming Week at this church is as follows: Tuesday, April 16, Church Loyalty—Rev. Isaiah Cline. Wednesday, April 17, Concerning Our Spirituality—Rev. H. D. Cooper. Thursday, April 18, The Benevolence and Our Spiritual Welfare—Rev. J. M. Bennett. Friday, April 19, Rip Van Vinkle and His Friends—Rev. H. Howard Jones. Sunday, April 21, Sermon—Rev. Jno. Chesap. Full program next week.

Full program next week.

Turn Up Your Clocks

Don't forget to turn up your timepieces one hour on Saturday night of this week. Congress has passed a law directing everybody everywhere in this country to do that and prompt compliance with it will save a lot of inconvenience and confusion. The difference will hardly be noticed if all join promptly in the good movement. If any attempt to use the old time they will find themselves, missing trains and getting mixed up in a lot of things. Move up your clocks and watches get up at the usual hour, have your meals at the same time by the clock and go to bed at the usual hour and all will be well.

The evening hour for church services and other gatherings will be affected to some extent, it is thought, because of the habit of waiting until about dark for these meetings. Otherwise there will be little if any change wrought.

WAR EMERGENCY FARM
WORKERS TO BE SOUGHT

An army of 500,000 war emergency farm workers comprising men willing to devote two or three days a week or their vacations to agricultural labor will be recruited by the United States Employment Service. Professional men, college students, clerks and other classes will be enrolled. An army of 250,000 boys also is being mobilized.

State directors enrolling mechanics for shipbuilding will extend their organization for the new enrollment.

WAS FROM FLOYD COUNTY.

Hensley Sparks of Whites creek, W. Va., who died while on his way to a Huntington hospital last Saturday was a native of Floyd-co. His wife was from Lawrence-co., and is a niece of Mrs. P. H. Vaughan of this city. He was a good citizen.

RETURNS TO WYOMING.

Jas. A. Wilson who had been visiting his parents, Mr. and Mrs. John H. Wilson, near Louisa, returned to Stratton, W. Va. on Saturday. He was accompanied by his wife and little son. He has lived in the west about twelve years.

GREATEST BATTLE
IN ALL HISTORYNOW RAGING ON EASTERN BOR-
DER OF FRANCE MAY BE
DECISIVE.

On Thursday of last week the world's greatest battle began with a German attack on British forces at two points a few miles apart, evidently with the intention of driving through and then connecting their forces, thus cutting off and capturing immense numbers of allied soldiers. This scheme has been defeated by gradually retreating the British forces wherever necessary to keep the line straight. A million Germans have been pushed forward in solid and irresistible masses. The British mowed them down until it is estimated 400,000 have been killed, captured and wounded but the Germans have gained several miles at some points. The British, French and Americans are expected to counter-attack with large reserves today or tomorrow. At one point they have already recaptured some villages.

The Allies have done well to hold their main lines and save their men from heavy losses and they are confident of final victory, though it will be costly.

DEWEY MOORE WRITES HOME.

Hoffman Island, N. Y., Mar. 24, 1918.

To the people of my state and country:—Just a few lines to you. I left Ky. January 1, 1918 for Columbus, Ohio. I did not have any idea at that time of enlisting in the army. I remained at Columbus one day. So I concluded I would enlist in the army. I am not sorry I enlisted for think I would have been drafted later on. I like the army all right. The only thing I hate is to be away from my people. I get pretty lonesome some times. But all of that we need not fear for Jesus knows it all.

I have written to most of my friends, most all have answered. Those I haven't written, don't think that I have slighted you for I would like to hear from all. Nothing pleases me better than to hear from Kentucky.

I am now on the Hoffman Island. Port of N. Y. I was in New Jersey one week, was attached to the overseas corps while there. Thought I was going to be sent to France. I am glad that I am still in the good old U. S. A. We have religious services every Sunday at 2:30 p. m. I have a little Testament which I read during my spare time.

We are granted a pass once a week. Most of the time we go over to N. Y. Would be glad to hear from everybody.

DEWEY MOORE,
Huffman Island, Rose Bank, N. Y.

WORDS OF COMMENDATION
FOR HON. B. H. HARRIS

Hon. B. H. Harris, representative in the Legislature from Boyd and Lawrence, made an excellent record at Frankfort and is being commended by the best element of our citizenship. He was on the job every day and taking an active interest in getting good laws through.

Following is a letter addressed to him by the Rotary Club of Ashland: Hon. B. H. Harris, Catlettsburg, Ky.

Dear Sir:—The Ashland Rotary Club at its recent meeting directed me to express to you its appreciation of your services rendered your District and State during the session of the legislature just ended.

We desire to thank you especially for your efforts in behalf of laws in which we were directly interested.

Very truly yours,
CHAS. B. DICKSON, Secretary.

From the Ashland Independent we take the following:

Col. Harry F. Price has returned from a several weeks stay in Frankfort and is enthusiastic over the achievements of the legislature. He claims this is the greatest legislature in 40 years and that Brig. Harris is one of the ablest representatives this district ever had and that the State has had but few like him.

FREE BOOKS FURNISHED BY
STATE—WHY NOT USE THEM?

Do you know that a group of fifty books may be borrowed from the Kentucky Library Commission for your community, your club or your school? The collection may be retained for six months and the only cost to you is transportation.

If you want material on a special subject, a book or small group of books may be borrowed for thirty days. The only expense to you will be parcel post charges.

Write to the Kentucky Library Commission, Frankfort, for full information.

M'ADOO ORDERS ROADS
TO MOVE CLOCKS AHEAD

Washington, March 25.—Most night trains technically will be one hour late next Sunday morning as result of the changing of time under the new daylight saving bill. Director General McAdoo to-day ordered railroads to move their clocks ahead one hour at 2 o'clock Sunday morning in conformity with the law. Trains will leave destinations Saturday night at the old time.

BROKE HIS LEG.

When starting the gas engine in D. J. Burchett's mill last Saturday Frank Jordan had the misfortune to catch his foot in a wheel and break his leg.
